“VACCINATION

A Curse and a Menace to Personal Liberty”

In the preface of his great work, with the above stated title, Dr. James M. Peebles, A. M., M. D., Ph. D., has this to say:

“For the past thirty years I have made a practical study of the workings of vaccination, in the various countries of the globe. I have personally investigated it in Trebizonde, Asiatic Turkey, while there holding a consular appointment under General Grant; in South Africa; in New Zealand and Australia; in British India and Ceylon; in Egypt, China, and the countries of Europe; in Mexico and the islands of the Pacific, not omitting our own

I write to congratulate you on this fine illustrated warning to parents against vaccination, the curse of childhood and the crime of the century.

I honor and admire your courage in combating the mercenary gang of medical politicians who are endeavoring to increase their own revenue by poisoning your people’s blood and scarring their bodies for life.

The mercenary, dollar-hungry medico-political butchers and blood-poisoners who wield the deadly vaccine lancet against little children would gladly rape the blood of every pure child in Zion City in order to put shekels into their own pockets.

Parents and guardians of children should repel the assaults of the vaccinator just as they repel an attack of a highway man or a burglar.

A baby is injected with **24** diseases by **24** weeks.

Are they saying we're just too stupid to notice that these are maiming and killing people?

The process of vaccination defies the natural function of the immune system; Vaccinated people are among the sickest.

They think a baby's immune system is flawed, their answer is to inject 24 different diseases into a baby by 24 weeks, multiple times.

Our children are suffering from more allergies, illnesses, and diseases than ever before due to their **barbaric vaccine agenda.**

Vaccination is an assault upon the body, health, and life and should be resisted even unto death.
